Subject: RE: Batch 2 for Martha C. Rose Chemicals, Inc.

Scott-

Were you able to touch base with Linda Person at HQ about the fee waiver? I know that you were going to. Also, you said that you would contact Mr. Carolan regarding the fee waiver after you spoke to Linda. I received an email from him yesterday asking what the status is of his release of documents and the fee waiver and I didn't want to respond until I had something to say.

Thanks-
Edie

Subject: RE: Batch 2 for Martha C. Rose Chemicals, Inc.

Here is the FOIA.....

"see attachment. Additional records from the MS Excel file "Martha Rose SEMS" provided under EPA-R7-2016-007118 by Jamie Bernard-Drakey on June 6, 2016 by email. Request Long Description: Records pertaining to Martha C. Rose Chemicals, Inc. and communications between City of Holden, Missouri, and its attorneys, the Rose Chemicals Steering Committee, the Rose Technical Subcommittee, the Missouri Department of Natural Resources, Missouri Department of Health and the EPA Region 7, including Site Assessment Reports from Burns and McDonald, ENVIRON Corporation, between 1990 and 2010. An index to records is fine as a start, if available. I am a journalist with clients of Kansas City Public Television, Newsworks.com, the Daily Hampshire Gazette, among other entities so am requesting an exemption on costs for PDF/copies."

The attachment is the list that Jamie sent him.

I don't send records that haven't been reviewed by and signed off on by the responsible person. Of course, I'm getting into this person's stuff late so I'm not aware of the book - for profit.

Jamie and Scott-

I have received a new FOIA with a fee waiver request - and HQ will more than likely waive the fee - asking for the same documents that you listed for him. I plan to assign the FOIA to WWPB and CNSL and close 002559 out, so stand by.

Michael-

Yes, I have an email back from our headquarters FOIA personnel. Unfortunately, because the waiver wasn't requested on the new FOIA I can't grant one or have one granted by our headquarters FOIA official.. You have request it with each FOIA that gets submitted. How do you wish to proceed?

Thanks-
Edie

Mr. Carolan-

Unfortunately, when you submitted your FOIA you didn't indicate that you were a reporter and needed a fee waiver. I have initiated an email to ascertain whether we can grant the fee waiver after the fact. It will be Monday or Tuesday before I know the answer.

Thanks-
Edie

Michael,
Based on input from the EPA attorney, the cost estimate for processing the FOIA is less than \$250. I think the amount recorded for the last request you had was \$158. The costs are for the attorney to review and redact if needed the 29 documents. There are no additional costs since the records are already in electronic form. Let us know if you are agreeing to this cost estimate. The billing happens later after we do the processing.

thanks

Michael,

Can you go ahead and enter this information into the FOIAonline web form, just cut and paste your list of documents or say in the comments that you want the 29 documents sent to me by email. This will help Edie Stevens, our FOIA officer, begin the administrative process for your request. I have included Edie's email address in this reply in case you need help figuring out the FOIAonline form.
